

Dear parent,

The class of your child is joining in 'De Schaal van M' (DSVM)! In the week from November 9th to November 16th 2020 Ketnet and Mediawijs challenge 10 to 12-year-olds with 'De Schaal van M'. More than 750 classes compete for the title of 'Most Media literate class of Flanders'.

'De Schaal van M' covers topics such as netiquette, privacy, online safety and online shopping. It also provides a series of cool webisodes and fun challenges both for the classroom and at home. So parents cannot escape it either!

+ DSVM in the classroom

Every gameday consists of a webisode of the popular Ketnet series 'Meisjes'. Each class does a fun quiz and a debate and they challenge each other with the Week Challenge! Classes aim to light 5 stars by the end of the week and earn the title of 'Media literate 5-star class'.

+ DSVM at home

If your child logs in with a Ketprofile, it can earn 'lights on the M'. All week long there are challenges you can do with your child, for example talking about their media use and online experiences ... To do this:

step 1: Create a Ketprofile on www.ketnet.be

step 2: Log in at www.deschaalvanm.be

step 3: Add classcode.

The class code of your child's class is:

www.deschaalvanm.be

Questions? dsvm@mediawijs.be

Psst! Do you have questions about screen time too? Or about gaming, secure passwords, cyberbullying ...? Then surf to www.medianest.be. You might find an answer to your question!
